

TECHNICAL DATA SHEET

X4 MOUSE

PRODUCT CODE : X4 MOUSE

PACKAGING DIMENSIONS: 178x229x83mm

EAN PRODUCT : 8435099514596

PRODUCT WEIGHT: 156g.

EAN BOX : 18435099514593

PACKAGING WEIGHT : 435g.

PACKAGING : CAJA BOX

UNITS PER BOX : 12

DESCRIPTION :

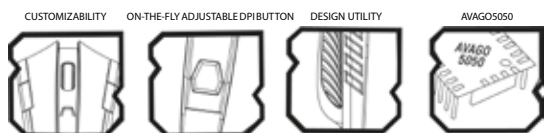

The X4 is a Gaming Mouse that focuses on the essential needs of the players that require lots of programmable buttons to be the best in games. Works with the new Avago 5050 optical sensor of extreme quality, adjustable on 4 levels of DPI, with values ranging from 600-2500DPI which can be easily identified by the side indicators light. With its 8 programmable buttons, users can store up to 8 different macros in each of the five profiles. This information is stored in the internal memory of the X4, which allows users to use their favorite profiles on different computers without reinstalling the software or reconfigure settings.

The X4 is ambidextrous and suitable for all types of players.
